The Catering Group has been a full-service catering company serving the entire San Diego county for almost 30 years. Whether you need lunch for a business meeting, appetizers for your annual celebration or a creative menu for your wedding, we will be your partner every step of the way, helping to make your event a success.

Ultimate peace of mind - that's been our goal for you since 1990, so that your event – whether large (up to 5000 guests), small (as little as 25 guests) or somewhere in between – is an opportunity to relax, enjoy the company, and truly be a guest alongside everyone else. Why throw an event if you can't enjoy it?

We understand that life doesn't always allow for long planning horizons, so we're happy to accommodate shorter order notice, making us the perfect option for any last-minute party or celebration.

Try us once and we're convinced you won't need anyone else. Yours for finer dining!
